Fourth-semester Software Engineering Technology student at Universitas Gadjah Mada with hands-on experience in integrating backend and frontend systems using Laravel. Proficient in PHP, Laravel, and API integration. Quick to adapt to new technologies and environments, with a strong ability to collaborate effectively in team settings.

## EDUCATION

**Software Engineering - D4** **Jan 2022 - Dec 2026**
Sekolah Vokasi Universitas Gadjah Mada (SV UGM) **GPA:** 3.78 of 4.0

## PROJECTS

**PDU Drill Monitoring** **Feb 2024 - Jun 2024**

- **Developed a Real-Time Data API Using PHP**: Created a robust API to fetch real-time data from the drill's API, ensuring continuous and accurate data collection.
- **Integrated the API with the Front-End**: Collaborated with front-end developers to ensure seamless data flow and real-time updates on the website, enhancing the user experience.
- **Incorporated Real-Time Data Handling in HTML**: Embedded real-time data fetching mechanisms within the HTML to display updated metrics and information instantly.
- **Conducted Rigorous Testing and Debugging**: Performed extensive testing to identify and resolve issues, improving the performance and reliability of the API and overall system.
- **Visualized Data with User-Friendly Dashboards**: Designed and implemented intuitive dashboards and visualizations to help users monitor and analyze drill performance effectively.
- **Output Project**: Real-Time Drill Monitoring Website.

**Cinurawa Company Profile** **Aug 2023 - Dec 2023**

- **Implemented Laravel Filament**: Built a robust and user-friendly admin panel using Laravel Filament.
- **Integrated Database with Front-End**: Ensured seamless data flow and user experience by integrating the database with the front-end.
- **Collaborated with Front-End Developers**: Worked closely with front-end developers to integrate user interfaces with server-side logic. **Conducted Testing and Debugging**: Identified and resolved issues through thorough testing and debugging, enhancing the application's performance and reliability.
- **Output Project**: Cinurawa Company Profile.

## SKILLS

**Soft Skills:** Attention to Detail, Problem-Solving. Adaptability, Patience, Empathy, Technical Communication, Collaboration

**Tech stacks:** HTML, JS, CSS, Laravel, PHP, MySQL, RESTful-API, Git, Bootstrap, API Integration

**Tools:** Visual Studio Code, Figma, Postman, Github

## LANGUAGES

**Bahasa Indonesia** (Native proficiency) • **English** (Professional working proficiency)
